Subject:	Federal Update - H.R. 471

To: Federal Government Affairs Committee

HDMA has been working for the past few weeks to identify additional supportive groups for the Ensuring Patient Access and Drug Enforcement Act of 2015. HDMA worked through the Pain Care Forum to encourage a group of sixteen patient and pharmacy groups to send a letter of support today to Congressmen Marino (R-Pa.), Blackburn (R-Tenn.), Welch (D-Vt.) and Chu (D-Calif.) The letter expresses strong support for the legislation as a way to ensure patient needs are balanced with DEA enforcement actions. The letter is attached for your review.
